Fire Cover Review  
2015**

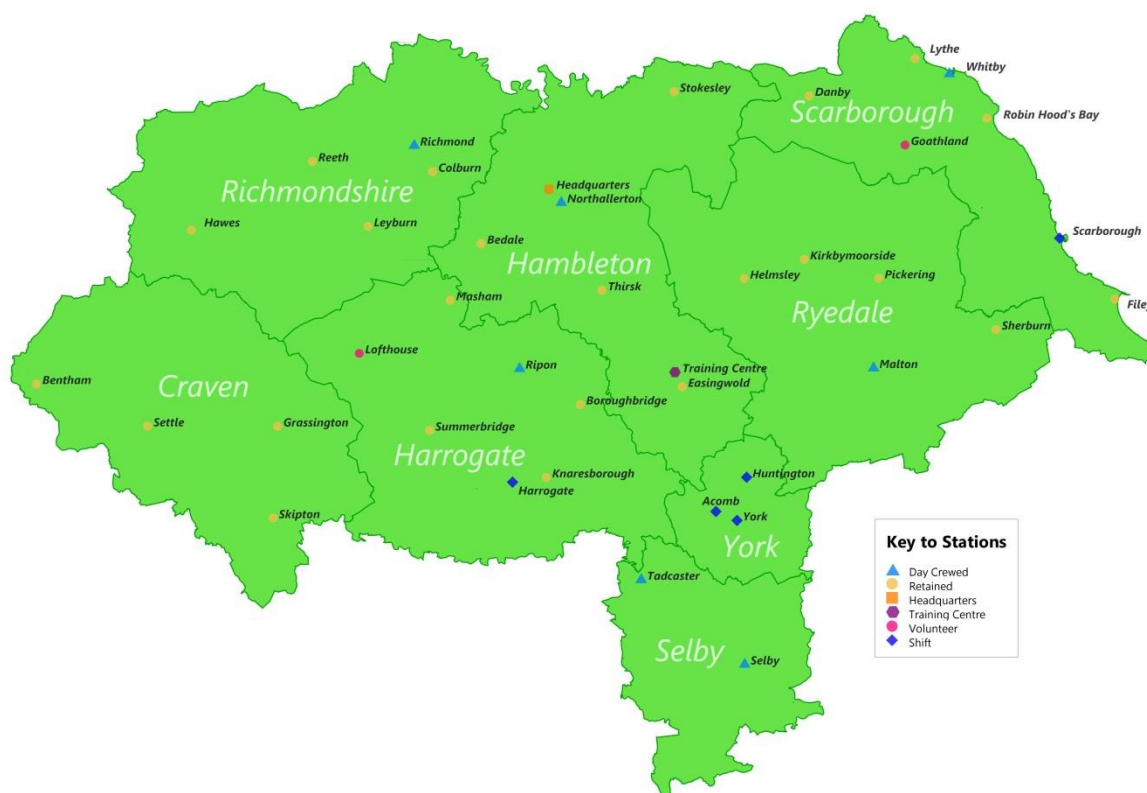

## Incident Data by Station Area

### About Us

North Yorkshire Fire and Rescue Service serves the communities of North Yorkshire and the City of York. We have 38 fire stations with 46 standard fire engines and 21 specialist response units.

The Service currently has four different systems for crewing fire engines. The urban areas of Harrogate, Scarborough and York are mainly served by firefighters who work shifts at the fire station; our larger market towns have firefighters who work day shifts and are on-call from home during the evenings; and our rural villages and smaller towns are served by retained (on-call) staff. We also have two volunteer units at Lofthouse and Goathland.

The tables below show the number of incidents attended across the whole Service (*table 1*) and the incidents attended in each station area, including the five year average.

<b>Total Incidents across the Service</b>	<b>2010/11</b>	<b>2011/12</b>	<b>2012/13</b>	<b>2013/14</b>	<b>2014/15</b>
Residential fires	794	696	686	634	636
Road traffic collisions (RTCs)	516	500	503	502	408
Other incidents	3064	2634	2628	2444	2053
False alarms	4128	3928	3872	3811	3777
<b>Total</b>	<b>8502</b>	<b>7758</b>	<b>7689</b>	<b>7391</b>	<b>6874</b>
